In part one of the book, Linzey makes the case for animal personhood. He argues that animals are not simply machines or automatons, but rather beings with complex emotions, thoughts, and desires. He shows that animals are capable of suffering, joy, love, and grief, and that they have a strong sense of self-awareness.

In part two, Linzey explores the implications of animal personhood for our relationship with animals. He argues that we have a moral obligation to treat animals with respect and compassion, and that we must end the

exploitation and abuse of animals in all its forms. He calls for a vegan diet, an end to animal testing, and the abolition of factory farming.

In part three, Linzey offers a vision for a more just and compassionate world, one in which animals are treated as equals and are given the same basic rights as humans. He argues that this is not only possible, but necessary, and he outlines a number of concrete steps that we can take to make this vision a reality.

Animal Gospel is a must-read for anyone who cares about animals and wants to create a more just and compassionate world. It is a book that will challenge your assumptions, inspire your imagination, and change your life.
